ULSTER LOYALISTS

Meet in Belfast, Thirty Thousand Per-  
sons Present.

BELFAST, June 17.—The great Ulster  
convention opened to-day. Belfast ob-  
served the occasion as a holiday. Busi-  
ness houses were closed and the streets  
decorated with flags. Loyalist Ulster  
is determined to make a demonstration  
that will impress the people of Great  
Britain that while Protestants are in a  
great majority there are some Roman  
Catholics; and care has been taken by  
the leaders to avoid giving the demon-  
stration either an Orange or strictly re-  
ligious aspect. They claim that it repre-  
sents loyalist sentiment irrespective of  
religion or politics. The general senti-  
ment of the delegates was strongly  
expressed by A. J. Kennedy, of North  
Down, who said, that for adopting their  
present attitude they were severely  
criticized by the followers of Gladstone  
and proclaimed as rebels and denounced  
as empty Ulster men who were fond of  
declaring their intention of dying in the  
last ditch in defence of their views. They  
were not rebels. Their ancestors  
were men who established in Ulster the  
supremacy of the Crown, and they them-  
selves were determined to maintain in  
fact the position which had thus been  
instituted. Neither were they brag-  
garians nor blusterers, but they were determined  
to protect themselves and their liberties  
at all costs and at all hazards. The  
Duke of Abercorn took the chair of the  
convention with the mayor of Belfast in  
vice-chair. The greatest enthusiasm  
prevails and all indications are that the  
demonstration will be unrivalled in the  
history of the political movements of  
Great Britain and Ireland. It is said

that at this hour over 30,000 persons are  
in Belfast to attend the convention, and  
over 10,000 delegates are present in the  
pavilion. A despatch was received  
from Glasgow stating that 30,000 Scotch  
Orangemen pledged their support to  
their brethren in Ireland.

LORNE AGRICULTURAL SOCIETY.

The meeting of the above society called  
for Saturday last was held in the Town  
Hall, President Donaldson in the chair.  
There was a very slim attendance of  
members present, several of those inter-  
ested in the calling of the meeting not  
putting in an appearance.

The minutes of the last meeting were  
read and adopted.

A communication was read from Steele  
Bro., of Winnipeg, offering prizes for  
vegetables at the fall exhibition.

Moved by Messrs. Giles and Slater  
that the secretary be instructed to write  
to the Department of Agriculture in re-  
gard to the society's grant and that the  
president be requested to see Mr. Mac-  
donald in the same matter. Carried.

Moved by Messrs. Giles and Maveety  
that the officers and directors be a com-  
mittee to thoroughly canvass the district  
for members, and to forward a list of the  
same to the secretary at once. Carried.

It was decided to hold the exhibition  
this year about the 1st of October.

An account from THE TIMES printing  
office was ordered to be paid, if found  
correct.

The meeting adjourned to the call of  
the president.

GENERAL NEWS.

MONTREAL, June 16.—In his address  
at the annual meeting of the Merchant's  
Bank held here yesterday, General Man-  
ager Ayer said: "The past year had not  
been supposed to be a year of much sav-  
ing with farmers, but it is a fact that out  
of 29 branches where farmers' deposits  
are received in 27 of them there had  
been an increase. I have no doubt this  
experience has been common."

QUEBEC, June 16.—Bishop Anson,  
of this diocese, has resigned his position.  
The announcement was made at the an-  
nual synod meeting here, when the  
bishop read his annual address and stated  
that he had placed his resignation in the  
hands of the Metropolitan of Rupert's  
Land and the Archbishop of Canterbury,  
the same to take effect as soon as his  
successor has been appointed.

WINNIPEG, June 17.—A party of 20  
young Menominites from the settlement  
at Greta, left yesterday for Prince Al-  
bert, where they intend settling.

ST. ROSE, Que., June 16.—The pretty  
little village of St. Rose, a fashionable  
summer resort near Montreal, was the  
scene of a frightful catastrophe yesterday  
about noon. Shortly after two o'clock  
the residents noticed dark clouds gather-  
ing on the horizon, but nothing more for-  
midable than a thunder storm was anti-  
cipated. Suddenly there was a low  
sullen roar and in the twinkling of an eye  
was changed into the blackness of night.  
Many thought the last day had come  
and with hardly a warning a terrible  
cyclone struck the village, carrying every-  
thing before it. A couple of miles from  
the village was a school. Here twenty-  
five children were being instructed by  
their young teacher, Miss Lacasse; while  
the teacher and scholars were interested  
upon the lesson it suddenly became pitch  
dark, and in a minute the merciless  
cyclone struck the small school house  
tearing it to pieces like a match box.

The children were carried in all direc-  
tions by the wind and deposited in  
adjointing fields. Out of twenty-five two  
of them were dead when found. One  
died shortly afterwards; twelve are se-  
riously wounded and the remainder more  
or less injured.

Be smart on your feet and get a pair  
of Boots at Fish's.

There will be a public examination of  
the pupils attending the Central School  
on Friday next.

Buckley, the auctioneer, will hold a  
sale of valuable household furniture and  
other effects at Mr. Cann's residence on  
Thursday, the 23rd inst. Read adver-  
tisement and look out for posters.

Mr. Stacey, will assist to the work of the Christian Ministry the Rev. G. F. McCullough, of Carrot River. Mr. Woolworth will preach the ordination sermon, and Mr. Stacey will preach in the evening.

We see by the Bulletin that the town of Edmonton has received its new fire engine. It has been tested and found to work satisfactorily. The water is forced by air pressure which can be produced in seven minutes. Two continuous streams of water can be thrown about 70 feet by keeping up the air pressure by means of two hand pumps. A chemical is provided with which the water to be used is charged, which renders it much more effective than pure water. It is not at all on the principle of the ordinary chemical engine, which depends on forcing power or chemical action, and must cease operations to be recharged. It is handled and worked by hand. Our town fathers might make a note of this, and probably do likewise.

There was a small rebellion at Edmonton on Saturday night over an attempt by the Edmonton Government employees to remove the Land and Timber office to the south side of the river, on orders from Ottawa. The removal was so sudden that the people arose in a body and put a stop to proceedings by disabling the vehicles, while the Town Council immediately put themselves in communication with the Ottawa Government by wire, asserting that the change is being made for the benefit of Winnipeg and eastern speculators who own the new town plot. An indignation meeting was held at night, at which resolutions were adopted and sent to Ottawa protesting against the removal, and calling upon the Dominion Government to remove Anderson, the manager, from office. In the meantime the citizens are holding the fort.

## "German Syrup"

We have selected two or three lines from letters freshly received from parents who have given German Syrup to their children in the emergencies of Croup. You will credit these, because they come from good, substantial people, happy in finding what so many families lack—a medicine containing no evil drug, which mother can administer with confidence to the little ones in their most critical hours, safe and sure that it will carry them through.

Ed. L. WILLIAMS, of Mrs. JAS. W. KIRK, Alma, Neb. I give it Daughters' College, to my children when Harrodsburg, Ky. I troubled with Croup have depended upon it in attacks of Croup with any little daughter, and find it an invaluable remedy.

Fully one-half of our customers are mothers who use Boschee's German Syrup among their children. A medicine to be successful with the little folks must be a treatment for the sudden and terrible foes of childhood, whooping cough, croup, diphtheria and the dangerous inflammations of delicate throats and lungs. @

Is any Horse  
worth \$20

if he is not healthy and sound?

Every animal that is worth keeping over winter should have DICK'S BLOOD PURIFIER in the spring. It will take less food to keep them in condition. They will sell better. A horse will do more work.

DICK'S HORSE AND CATTLE MEDICINE ARE THE BEST IN THE WORLD.

Send a postal card for full particulars, and a book of valuable household and farm recipes will be sent free.
